

## WIGGING CLASS - Monday January 30, 2017

DANA Greetings and GOOD Morning ladies!

DANA Wow - I think I should award the prize already (one) to the early girls!

DANA Are you guys ready for the question?

Jane Yes

Joyce yes

Irene-NC yes

DANA Faith are you there?

DANA Alrighty ... what is my middle name?

Joyce Marie

DANA YOU got it!

DANA Irene - think you won that once before <G> ...

Jane That is my name!

DANA Alrighty ... all 3 of you girls write me - you all won a prize!

DANA EMAIL ME!

Faith Yes, I am here.

DANA Irene - Jane and Joyce (x2)

DANA FAITH yeah!

DANA Ok - you get a prize too

DANA 4 prizes already

DANA Ok - lets get started ...

DANA Do you have any individual questions before I go into some Wigging hints and tips?

Irene-NC Haven't seen the Asian doll yet

DANA Haven't finished the Asian doll yet <G> ...

DANA Did orders instead yesterday

Irene-NC ooooooh

DANA But working on her today!

DANA No orders today - and if I get her up by tonight - still made midnight deadline ... win win <G>

DANA Ok - so no questions?

DANA Then lets get into tinting/changing viscose doll hair.

Irene-NC not on her I am so anxious to see her

DANA I love the texture of one kind of Viscose that I purchase.

DANA So many from England and such (directly) are a bit fibrous and lay heavier on the dolls head.

DANA THE bad thing --- is the serious lack of colors!  
Faith What is it?  
DANA So here are a few ways - to amek the hair a bit more interseting  
DANA Your question - what is it?  
Faith Where do you buy the hair?  
DANA I get my hair from Jackie Caron (All Cooped up also)  
DANA Ebay  
DANA (All cooped up)  
DANA So if you ever want extra from what I send you ---  
DANA buy a couple bags to have on hand.  
Faith Thank you. I need lots of practice.  
DANA Faith - your last doll was stunning!  
Irene-NC I use to love their mohair also  
DANA Alrighty ... so  
DANA to make the colors go a bit further  
DANA ONCE the doll is wigged ...  
DANA you can take a Q-tip  
DANA gently rubb it in the chalk  
DANA and lightly stroke down the hair of doll.  
DANA Now I get the EXTRA FINE Q-tips  
DANA at Hobby Lobby (in the train scale isle)  
DANA these are the \$4 a pack - like 10 I think  
DANA super pointy  
DANA BUT when you are doing highlights  
DANA lowlights etc in the dolls hair style  
DANA you can define a VERY thin line  
DANA to color!  
DANA Also ...  
DANA by Dampening the Q-tip  
DANA you can make more intense!  
DANA I have also made highlights  
DANA with sienna type brown -sharpie marker  
DANA on dark blond hair  
DANA (the one that is like honey blond/brown)  
DANA Also --- if you are into faeries ... more modern dolls  
DANA you can take the pink sharpie  
DANA and color white viscose to add highlights.  
DANA questions on chalking/sharpie markering highlights?

Faith No. Those were great tips.

Irene-NC no I use that method if I don'y twist two colors on the curlig rod

DANA Irene - Perfect --- that is my next thing (you smart girl!!!)

DANA If you want to go another direction ...

DANA Style #2 ... is

DANA either doing the wiggig cross

DANA and laying a FEW light colors strands of hair down

DANA BEFORE doing the main color

DANA (then when you flip hair back up over head - you get highlights)

DANA OR ... you can say - as Irene - When you make curls ... you can carefully wrap a few colors around rod to contrast ...

DANA OR ... when you take your initial bunch of hair ...

DANA make a sandwich

DANA Lay a main color of hair down - flatten

DANA lay a smaller color of hair down

DANA then a main color

DANA (like Sandwhich)

DANA Then you gently either comb

DANA (Welcome Aggie!)

DANA or pull hair

DANA so it mixes up the colors!

DANA Questions on making different highlights or low lights in doll hair styles?

Irene-NC no great tips

Jane Moonyeen will have notes on this right

Jane That we can print out

DANA Not sure --- <G> ... I think she forgot about today <G> ... no header. BUT these are all tips from my tutorials - and Jane you have them all <G>

DANA Today is just condensing - some wonderful tips ... for you to use.

DANA AND to give away the 4 prizes for you girls!

Jane Ok to fast to write

DANA Basically I opened up the class today - to welcome you guys to another year of wiggigclub (when I am home).

DANA I will always have this open class ...

DANA the last day of the month.

DANA Wiggig club tutorial (of which I am working on Sophie Sun - the Asian ... did you guys all order her? I know you did Irene, Jane? sorry - can't remember the rest

DANA Jane - Normally Moonyeen takes notes --- from class ... but I think she forgot today. I did send her the date earlier - but I usually had the class the 10th of each month - so many people are a bit confused I think on the date.

DANA Alrighty ---

DANA Here is the recap:

DANA 1. One more section to teach

DANA 2. One more contest before we close

Irene-NC you just had to let Dana know your middle name HUH

DANA 3. the Asian doll is my project for today (she is the Feb tutorial) if you want her - only offer good in class - otherwise too booked up - EMAIL ME

janemarie I did at the beginning of the class

DANA Sound good?

DANA Alrighty ...

Irene-NC yes

DANA Lets talk about TEXTURE!

Aggie yes

Faith Yes

DANA How many times have you wanted to create a doll - with a bit more (thickness) to her hair strands...

janemarie yes

DANA BUT NOT actually adding more hair?

DANA I'm not talking MARIE ANOINETTE teasing ... hair

DANA But just a bit more body?

DANA The answer that I have found ...

DANA is lightly SPRAYING the hair (when you mist it to flatten any frizzies) and adding a bit of your own hair product to the mister!

DANA EXAMPLE:

DANA when I do my hair

DANA I have 3 or 4 hair misters (the .99) from Walmart ....

DANA They are filled with distilled water (actually does make a difference in the frizzy department)

DANA and

DANA 1. is PLAIN WATER

DANA 2. has a drop of green downy (fabric softener)

DANA 3. Has a drop of my Aveda pomeade type (hair thickner)

DANA I shake up the ones with a mixture of product

Irene-NC I yse a drop of doity dew in mine

DANA and when I spray i ton my dolls hair

DANA (Irene - that is perfect!)

DANA They hair plumps up a bit nicer - more realistic instead of flat!

DANA Questions on giving body to hair?

Irene-NC dipity\

Aggie sounds good

Irene-NC it works

janemarie good
