WOW ... I am absolutely floored - and NOT in a good way! I know the US postage was going up ... but the clerk had told me \$1 or \$2 she wasn't sure for Foreign packages. IT IS almost \$7 MORE!!! That's right! \$12.79 to mail a packet - that usually went for around \$6!!!!!!

I just mailed out all the rest of the Lialah guinea pig kits (two foreign) which is how I found out! That means that the Ethnic Heiress Class (15 abroad) will cost over \$160 to mail!!! Instead of \$75. I'm beyond shocked and dismayed!!!

The first Ethnic Heiress class - I will just cover the postage cost - that is my fault for mailing now. However, other orders coming - I'm sorry but Foreign students, we'll have to figure out the shipping for rest of year.

PLEASE REMEMBER ...

I don't know how much email access I'll have for the next couple weeks ... I am going to FLORIDA to Teach and help my inlaws.

One had a stint put in and having problems with his diabetes, and the other is in the hospital with the flu symptoms. So after tomorrow ... email will scant until end of month.

TIP FOR TODAY ...

To get colored rhinestones, when all you have is clear (or to make colored pearls) ... simply take your sharpie marker ... and go over the top!

Permanent, and gives a nice dimensional color base as well!!!

I've even added a drop of clear fingernail polish to make it sparkle even more!!
